SHRADDHA GAVADE

+91 6364549367 — Karnataka, India shraddhagavade920@gmail.com

LinkedIn | GitHub | Portfolio

Adaptable Full Stack Developer with strong knowledge of modern web technologies, data structures, and cloud platforms. Experienced in building scalable applications, REST APIs, and responsive user interfaces. Passionate about solving real-world problems using software development, AI-driven solutions, and collaborative agile environments.

Technical Skills

- **Languages**: Java, JavaScript, HTML, CSS
- **Frameworks and Libraries**: React.JS,Node.JS, Express.JS, Spring boot
- **Tools & Databases**: Jira, Git, Maven, Docker, Jenkins, CI/CD, AWS, Azure, EC2, MongoDB, MySQL
- **Core Concepts**: Infrastructure as Code(IaC), OOPS, DSA, Cloud and DevOps

Experience

- **Hulk Hire Tech – Java Developer Trainee**
  Java Developer Trainee | Remote | Feb 2026 – Present
  - **Payment System Development:** Developed a **Spring Boot microservices-based payment system**, enabling secure communication across multiple services and designing **10+ REST APIs** for checkout sessions, hosted payments, and transaction processing.
  - **Payment Gateway Integration & Testing:** Integrated **Stripe Payment Gateway with webhook-based real-time payment updates**, built a scalable backend using **Maven**, and tested APIs using **Postman** to ensure reliable and secure payment workflows

- **IndiyaSe – Software Developer Intern**
  Software Developer Intern | On-Site | Jan 2025 – April 2025
  - **Frontend & Backend Development:** Developed **15+** reusable and responsive React.js components with efficient state and lifecycle management to improve UI consistency. Designed and applied **10+** RESTful APIs using Node.js and Express.js, optimizing backend logic and database queries to reduce response time by **20–30%.**
  - **Collaboration & Performance Optimization:** Enhanced frontend–backend integration to improve overall application performance and user experience and Collaborated with a 5-member agile team to deliver features on time through testing and iterative development

Education

Bachelor of Computer Science Engineering **(2021 – 2025)**

A G M Rural College of Engineering and Technology, Varur, Hubli | CGPA : 8.3

Pre – University College(PUC) **(2020 – 2021)**

Jnana Pragati Pu College, Pattankudi, Chikodi(Karnataka) | Percentage : 92.5%

Secondary School Leaving Certificate(SSLC) **(2018 – 2019)**

A S Patil High School, Stavanidhi, Nipani (Karnataka) | Percentage : 94.24%

Projects

- **Stripe Payment Integration System [Work in Progress]:** Independently created a Spring Boot microservices-based payment workflow, defining secure communication across 3+ services and structuring 10+ REST APIs for Checkout Sessions, hosted payments, and webhook-driven real-time transaction updates. Built using Maven with a focus on scalable, secure, production-ready backend architecture. **Tech: Java, Spring Boot, Microservices, Maven, Stripe API, REST APIs, Webhooks, JSON, Postman, Git**
- **MERN Restaurant Reservation App [GitHub]:** Engineered a full-stack restaurant reservation system enabling users to book tables online with real-time confirmation and managing **50+** restaurant records and table inventories. Implemented secure data storage and RESTful API communication, and deployed the frontend on **Vercel** and backend services on **Render** using a scalable cloud-based architecture for high availability. **Tech: React.js, HTML5, CSS3, JavaScript, Node.js, Express.js, MongoDB, Mongoose, REST APIs, Vercel, Render, Git, Postman. [Demo]**

Certifications

- Java Developer Trainee – Hulk Hire Tech, Hyderabad [Certificate]
- Rooman Technologies – Application Development – Web and Mobile (2024). [Certificate]
- Deloitte – Technology Job Simulation (2025) [Certificate]
